PROFESSIONAL SUMMARY

Motivated and detail-oriented Full Stack Developer with a Bachelor of Computer Applications (BCA), a Python Full Stack Development certification, and hands-on MERN Stack internship experience. Skilled in designing, developing, and maintaining responsive web applications using React.js, Node.js, Express.js, MongoDB, Python, and Django. Experienced in building RESTful APIs, working with JSON data, integrating frontend and backend systems, implementing secure authentication and authorization using JWT, and using Git and GitHub for collaborative development. Developed real-world projects, including an AI-powered resume builder and a RAG-based AI assistant, demonstrating strong problem-solving, debugging, and software development skills. Passionate about learning modern technologies and contributing to the development of scalable, user-focused software solutions.

PROFESSIONAL EXPERIENCE

Web Development Intern | Zaalima Development Pvt. Ltd.

Mar 2026 — Jun 2026

Remote

- Developed full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js).
- Built responsive and user-friendly interfaces using React.js, HTML5, CSS3, JavaScript, Tailwind CSS, and form validation techniques.
- Developed RESTful APIs and integrated frontend and backend components.
- Collaborated with mentors and team members to deliver web application features and resolve technical issues.
- Used Git and GitHub for version control and collaborative development workflows.
- Debugged, tested, and enhanced application features to improve functionality and user experience.

EDUCATION

Bachelor of Computer Applications (BCA) · Nasra College of Arts & Science

2019 — 2022

SKILLS

Programming Languages:

JavaScript

Python

HTML5

CSS3

Frontend Development:

React.js

Tailwind CSS

Framer Motion

Responsive Web Design

Backend Development:

Node.js

Express.js

Django

RESTful APIs

JWT Authentication

Database:

MongoDB

MySQL

SQL

Tools & Version Control:

Git

GitHub

Visual Studio Code

Vite

npm

Core Competencies:

Problem Solving

Debugging

Software Testing

API Integration

CRUD Operations

PROJECTS

CareerForge Pro – AI Resume Builder & ATS Optimizer

Jun 2026

Core Developer

GitHub Repository (github.com)

- Developed a full-stack AI-powered resume builder using the MERN stack (MongoDB, Express.js, React.js, and Node.js).
- Built an ATS resume analyzer with keyword matching, resume scoring, and job description analysis.
- Integrated AI API integration using LLM APIs for resume content generation and optimization.
- Implemented secure JWT-based authentication and authorization, responsive UI, PDF generation, RESTful APIs, and file upload handling.
- Used Git and GitHub for version control and collaborative development practices.

OpsMind AI – RAG-Based AI Assistant

May 2026

Core Developer

GitHub Repository (github.com)

- Developed a Retrieval-Augmented Generation (RAG) assistant using React.js, Node.js, Express.js, and MongoDB.
- Implemented PDF document ingestion, file upload handling, semantic search, vector embeddings, and AI-powered question answering.
- Integrated Large Language Model APIs to generate context-aware responses.
- Built RESTful APIs and optimized backend performance for efficient document retrieval.
- Designed a responsive user interface with React state management and implemented Git-based version control.
